lamps for all rooms including task
and decorative, some with matching items

SHADES 629–640

a selection of fabric shades in a variety
of materials and colour ways

LAMPS (LIGHT BULBS) 641–651

our own collection of high quality LED,
rechargeable and halogen lamps

INDEX 652–672

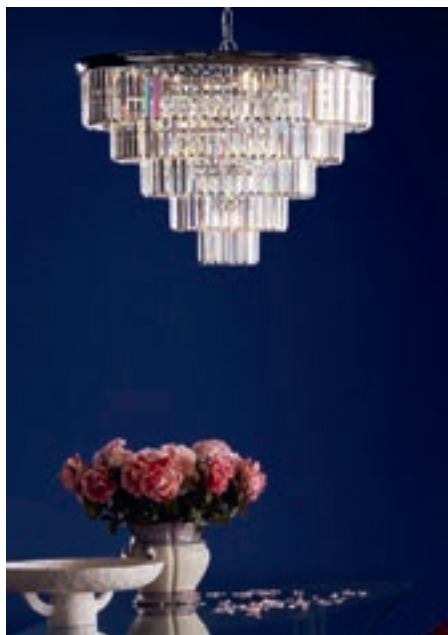

a visual technical index followed
by a complete alphabetical index

Dare to Dazzle

Crystal and glass remain timeless favourites in lighting design – celebrated for their ability to captivate in both modern and traditional spaces. Meticulously cut facets, bold silhouettes, and radiant finishes come together in pieces that go beyond illumination. Crafted from the finest crystal and hand-blown glass, each design is a sculptural centrepiece – commanding attention with striking forms and dazzling refractions.

Rich Bronze & Warm Amber

There's an unmistakable allure in the glow of warm amber glass paired with rich bronze and burnished gold. This timeless combination evokes a sense of understated opulence – luxury that feels lived-in. These pieces cast a golden warmth that transforms interiors into intimate, elegant spaces. It's a look that doesn't shout, but rather softly glows, inviting you in.

Cottagecore

Step into a world of nostalgic comfort with lighting inspired by the gentle rhythms of country cottage life. Subtle prints in soft colourways on delicate ginghamms evoke a retro warmth that feels both familiar and refreshing. Capture the spirit of rural life with lighting that feels like a love letter to the countryside.

Quiet Luxury

Quiet luxury is about refined simplicity – an understated elegance that whispers rather than shouts. It's found in warm neutral tones, sculptural forms, and natural materials like alabaster and travertine, whose subtle veining and organic textures bring a sense of calm and permanence. Paired with the soft glow of brushed gold and the tactile warmth of textural linen shades, these elements come together to create lighting that feels effortless, timeless, and deeply soothing.

The Gatsby Glow

Elevate your everyday with bathroom lighting that draws on the glamour of the Art Deco era. Ribbed glass diffuses light with a soft, flattering glow, while clean lines and refined detailing echoes the sophistication of 1920s design. These pieces bring structure and serenity to a space – elegance that's as functional as it is timeless.

The image shows a contemporary living space. Two plush, beige armchairs are positioned against a wall covered in a repeating pattern of overlapping circles. The circles have a textured, metallic appearance. A vibrant red, square pillow rests on the left chair. To the right, a small, round wooden table with thin black legs is partially visible. The overall lighting is soft and even.

Heavy or oversized fittings require specialist installation.
Our network of expert lighting suppliers will be able to advise you.

SWASH SELECT PENDANTS

A system of two impressive statement pendants and one flush fitting with a choice of four colours of metallic swirls. The twelve light pendant requires three packs of swirls, the nine light pendant requires two and the flush requires one. By combining the swirls, a choice of solid, two-tone and even tri-tone combinations can be created. To order, simply choose your frame colour, plus the appropriate quantity of swirls.

• IP44 rating allowing use in bathroom or outdoor

BATHROOM

The following information is a guide to help you understand which fittings can be placed where. This is not an installation guide and reference should be made to the **IEE Wiring Regulations (18th Edition)** or a qualified electrician.

Firstly it is important to understand the rating by which bathroom and some outdoor lights are classified.

IP rating stands for "Ingress Protection" and is always followed by two characters. These two numbers refer to the level of protection, and it is important that you choose fittings with the correct rating according to where they are to be sited within the bathroom.

The diagram below shows a bathroom split into three clear zones: 0, 1 & 2.

Zone 0 is inside the bath or shower itself. Any fitting used in this zone must be low voltage (max 12V) and be rated at least IP67 which is immersion proof.

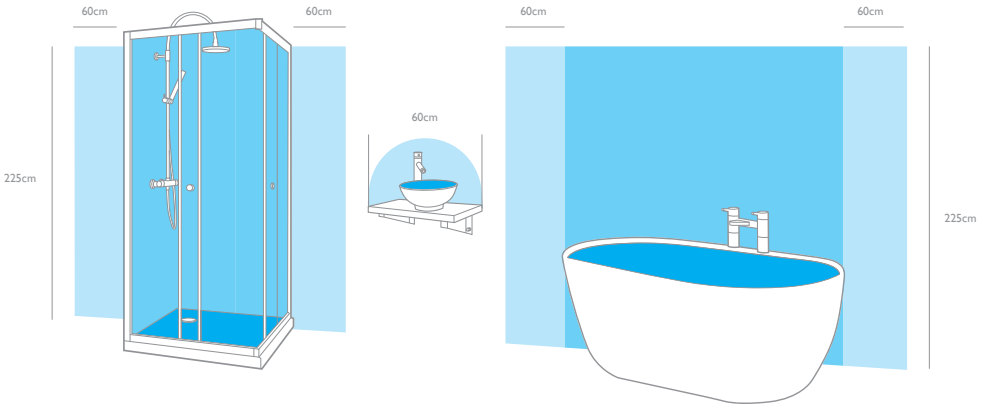

Zone 1 is the area above the bath to a height of 2.25m from the floor. In this zone a minimum rating of IP44 is required.

Zone 2 is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m* from the floor. In this zone an IP rating of at least IP44 is required.

The lighting circuit within a bathroom should be protected with a 30ma residual current device (RCD).

In addition, it is good practice to consider the area around a wash basin, within a 60cm radius of any tap, to be considered as Zone 2.

* In accordance with advice from the Lighting Industry Association the location above Zone 1 (over the bath or shower) up to a ceiling height of 3m continues to be classified as Zone 2.

0 Zone
Within the bath or shower tray. All lights fitted within this area must be IP68 rated and low voltage.

1 Zone
Above the bath or shower to a height of 2.25m. All lights fitted within this area must be a minimum of IP44 rated. IP44 is suitable where there is no shower head above the bath. IP65 is required if there is a shower head or demountable shower hand fitting in use.

2 Zone
0.6m outside of zone 1 and a 60cm radius above washstands. All lights fitted within this area should be a minimum of IP44 unless there is a danger of direct jet spray, in which case an IP65 rating is required.

WALL LIGHTS

NO STRINGS ATTACHED

Our range of wireless portable wall and table lamps means finally saying goodbye to sockets, cables and complicated installs. Wireless lighting gives you the freedom to animate your space exactly the way you want it; whether that's adding a warm glow to a bookshelf or bedside, or just task lighting in a quick truly flexible way, our wireless lighting range is built to move with your needs and not the other way around.

- **Effortless setup:** No electricians, no wires, just a single screw and you're done!
- **Rechargeable:** Forget batteries. A simple USB-C recharge illuminates for up to 8 hours
- **Wire free:** Perfect for parents, renters, home improvers and minimalists alike!
- **Smart technology:** Features a three stage dimmer with ambient mode for mood lighting
- **Lampshade compatible:** Pairs perfectly with any of our E14 or B22 lamp shades

RECHARGEABLE
LIGHTING

LIGHT WITHOUT LIMITS

Introducing our innovative range of rechargeable wireless lighting. Say goodbye to cables, sockets and complicated installs with a choice of stylish rechargeable table lamps and wall light, plus new retrofit E27 lamp giving you the freedom to illuminate your space exactly the way you want it – no strings attached!

RETROFIT E27 LAMP

For use with any existing E27 fitting

Pair with any E27 lamp shade

CCT colour changing and dimmable

Fast charging USB-C powered

Use with any E27 lamp holder

Any existing E27 table lamp wall light or pendant

Lasts up to 12 hours

INTEGRAL LED

For use with any E14/B22 lamp shade

Pair with any E14/B22 lamp shade

3 stage dimmer with ambient mode

Fast charging USB-C powered

Lasts up to 8 hours

Pair with any E14/B22 lamp shade

3 stage dimmer with ambient mode

Fast charging USB-C powered

Lasts up to 8 hours

- rechargeable lamp can also be decoupled from lamp holder and be fitted either magnetically or adhesively (both supplied)
- for full lamp specifications see page 642 • all products designed for indoor/dry use only

NO STRINGS ATTACHED

Our range of wireless portable wall and table lamps means finally saying goodbye to sockets, cables and complicated installs. Wireless lighting gives you the freedom to animate your space exactly the way you want it; whether that's adding a warm glow to a bookshelf or bedside, or just task lighting in a quick truly flexible way, our wireless lighting range is built to move with your needs and not the other way around.

- **Effortless setup:** No electricians, no wires, just a single screw and you're done!
- **Rechargeable:** Forget batteries. A simple USB-C recharge illuminates for up to 8 hours
- **Wire free:** Perfect for parents, renters, home improvers and minimalists alike!
- **Smart technology:** Features a three stage dimmer with ambient mode for mood lighting
- **Lampshade compatible:** Pairs perfectly with any of our E14 or B22 lamp shades

WIRELESS RECHARGEABLE

Introducing our innovative new wireless rechargeable LED lamp. Say goodbye to cables, sockets and complicated installs with a retrofit E27 lamp giving you the freedom to illuminate your space exactly the way you want it – no strings attached!

CCT COLOUR VARIABLE

Stepped colour changing
3000k warm white
4500k neutral
6500k cool white

USB-C CHARGING

Up to 12 hours of continuous light

INTEGRAL POWER SUPPLY

2000mah battery fully charges in 6 hours

TOUCH DIMMABLE

press and hold dimming feature for ambient lighting

REMOVEABLE LAMPHOLDER

decouple from lamp holder to use magnetically or adhesively for convenient task lighting (both supplied)

E27 FITTING COMPATIBLE

pair with any existing E27 lamp holder – pendant, wall light or table lamp

E27 RECHARGEABLE LED

H10 x Ø7cm

*for indoor/dry use only

BUL-E27-RECHARGE

LIGHT WITHOUT LIMITS

Transform your space – inside or out – with our revolutionary new rechargeable light bulb. This LED lamp works seamlessly with any existing E27 light fitting: pendant, portable or wall light, giving you instant flexibility without the need for new electrical installations. Whether brightening up an al fresco dinner, illuminating a stairwell or shed, or just upgrading an existing light fixture, this lamp offers new levels of versatility to your home lighting scheme, wherever you need it, whenever you want it.
