Blissful Bedrooms

Makers of Proudly Different Beds

Harrison Spinks
The True Bedmakers

Every Harrison Spinks mattress and bed is built on a belief in doing things the right way and just 18 miles from their Yorkshire based factory is their farm where their story begins.

They grow natural comfort fillings on their farm in Bolton Percy, York, weave their fabrics in-house and make their own award winning springs. Their unique approach to luxury bedmaking makes them different.

It's why each and every one they lovingly handcraft is proudly cut from a different cloth.

The Wildwood Collection

Designed as an affordable introduction to Harrison Spinks, The Wildwood Collection brings together natural comfort, expert craftsmanship and exceptional value. Inspired by the calm and character of the woodland, each mattress features cotton, traceable British wool, and homegrown hemp and flax layered over responsive spring systems for reliable support.

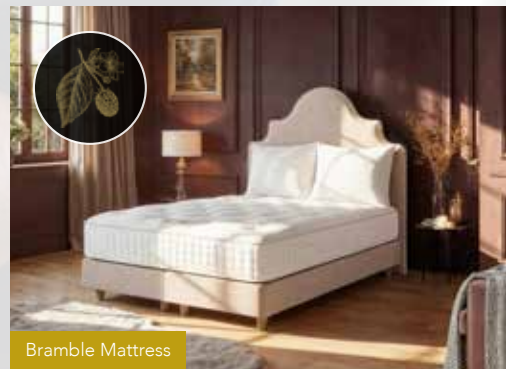

Wrapped in a wool-rich fabric, woven in-house and naturally fire-retardant, every mattress offers the comfort, quality and care customers expect from Harrison Spinks at an accessible price point.
